April is Genocide Prevention Month: Act Now for Darfur

Since 2003, over 400,000 people have been killed in Darfur; tens of thousands of women and girls raped and mutilated; more than 600 villages burned and destroyed; and more than 2.5 million people displaced. With the ICC indictment of Sudanese President Omar al Bashir in March 2009, humanitarian aid groups have been ordered to leave and the situation has only become worse.
